Mobility and performance

- Stylish mobility and elegance in a sleek notebook weighing 2.6 kg
- Choice of new Intel® Centrino® mobile technology, featuring Intel® Core™ Duo processor for thrilling personalised entertainment on the move, or an Intel® Celeron M processor for the perfect balance of mobile performance and value
- Get enhanced capabilities for audio, digital video and communications thanks to ATI Radeon® Xpress 200M or Mobile Intel® 945 GM graphics
- Mobile performance gets a boost courtesy of the high-capacity, high-speed Serial ATA hard disk drive and support for up to 4 GB of DDR2 Dual Channel memory

Mobile multimedia

- 15" XGA TFT display for bright visuals and the space to work comfortably
- Choice of DVD Super Multi drive (Double Layer) to burn up to 8.5 GB of data, 4 hours of DVD-quality video or 2,000 songs onto a single disk or DVD combo drive
- A dedicated Multimedia Bar with Easy Keys allows you to manage optical disk drive functionality and provides convenient one-touch CD/DVD/MP3 player control
- Built-in TV-out port to connect your notebook to a TV, providing an extended platform for interactive gaming, presentations or watching films

All-in-one convenience

- Microsoft® Windows® XP Professional with standards-based security, manageability and reliability or Microsoft® Windows® XP Home Edition pre-installed
- Toshiba ConfigFree™ software simplifies wired and wireless connectivity
- Microsoft® Office OneNote™ 2003 bundled for quick and easy note organisation plus a vast selection of software and utility tools for maximum productivity

Seamless networking and extended connectivity

- Wireless LAN (on selected models)
- Internal international V.90 modem (V.92 ready)
- 10/100 Ethernet LAN port
- 4 USB ports
- 1 PC Card slot

Dealer stamp:

CPU performance may vary from specifications under certain conditions such as the use of battery instead of AC power, certain external peripherals, certain multimedia applications or network connections, complex modeling software and in areas with low air pressure at high altitude (1,000 metres above sea level) and/or certain temperatures. CPU performance may also vary from specifications due to design configuration. Under some conditions, your computer may automatically shut down as a normal protective measure. To avoid risk of lost data, please make periodic back-up copies. For optimum performance, use your computer only under recommended conditions. Please read detailed restrictions in the product resource guide, visit the Toshiba web site: computers.toshiba-europe.com and/or contact Toshiba Technical Support. • Graphics processor unit (GPU) performance may vary depending on product model, design configuration, applications, power management settings and features utilized. • Part of the main system memory may be used by the graphics system and therefore reduce the amount of main system memory available. • For PC's configured with 4 GB of system memory, the full system memory space for computing activities will be considerably less and will vary by model and system configuration. • For information about upgrading your system memory please refer to the user manual or contact your local Toshiba service provider. • One GB means one billion bytes, accessible capacity may be less. • Wired and wireless communication capabilities to be applied in countries where approved. • Battery life may vary depending on applications, power management settings and features utilized. Recharge time varies depending on usage. Battery may not charge while computer is consuming full power. After a period of time, the battery will lose its ability to perform at maximum capacity and will need to be replaced. This is normal for all batteries. To purchase a new battery pack, see your accessories information that shipped with your computer or visit the Toshiba web site at computers.toshiba-europe.com. • Small bright dots may appear on your TFT display when you turn on your PC. Your display contains an extremely large number of thin-film transistors (TFT) and is manufactured using high-precision technology. Any small bright dots that may appear on your display are an intrinsic characteristic of the TFT manufacturing technology. • Weight may vary depending on product configuration, vendor components, manufacturing variability and options selected. • SRS® TruSurround XT™ is only available for WinDVD applications. SRS® WOW™ is only available for Windows Media Player 9 in standard Windows interface. Please check your system specifications to ensure optimal results. • Microsoft® Office OneNote™ 2003 is not available in all countries. • Certain notebook chassis are designed to accommodate all possible configurations for an entire product series. Your selected model may not have all the features and specifications corresponding to all of the icons or switches shown on the notebook chassis.

TEG March 2006, Art. No. EN_Sat-SatProL100_DataS_Mar06. Microsoft and Windows are either registered trademarks or trademarks of Microsoft Corporation in the United States and/or other countries. All trademarks are acknowledged. Product specifications, configurations, prices and system, component/options availability are all subject to change without notice. Product design specifications and colours are subject to change without notice and may vary from those shown. Errors and omissions excepted
